

Your Experience Can Make The Difference

Transportation Security Specialist – SV-1801-G/H

As an entry-level Transportation Security Specialist at TSA, you will apply your technical knowledge and experience to perform a mixture of security-related assignments as a part of a team. Your work will cover a variety of duties including developing briefings on factual information relative to strategic security priorities from unclassified information; preparing, compiling, and editing portions of TSA's regulatory plan and semi-annual Regulatory Agenda; collecting, recording, and analyzing data; identifying problems; and performing analysis related to the transportation security field.

Qualifications:

G–Band: Candidates must have at least three years of qualifying general experience. Qualifying general experience includes performing duties associated with analyzing problems to identify significant factors; gathering pertinent data and recognizing solutions; planning and organizing work; and communicating effectively orally and in writing.

OR have completed a four-year course of study leading to a bachelor's degree in any field.

OR have an equivalent combination of qualifying education and experience.

H–band: Candidates must have at least one year of specialized experience at least equivalent to the SV-G band or the GS-9 grade level in the Federal service. Qualifying specialized experience includes work that involved the development of briefings on factual information relative to strategic security priorities; collecting, recording, and analyzing security data/information from routine sources; identifying potential problem areas; and reviewing regulatory and security plans.

OR have completed a Ph.D. or equivalent doctoral degree or three full years of progressively higher level graduate education that provided the knowledge, skills, and abilities needed for successful performance in this position.

OR have an equivalent combination of qualifying education and experience.
